

CIPLC
COLEGIO INTERNACIONAL PUERTO LA CRUZ

CIPLC TECHNOLOGY MISSION STATEMENT

To use technology as a vehicle to inspire and support lifelong passion for learning, and to hone their 21st century learning skills, and global digital citizenship while teaching critical thinking, creativity and innovation, collaboration and effective communication skills with responsibility and integrity.

CIPLC TECHNOLOGY VISION STATEMENT

To provide cutting edge methodologies of innovation, creation, collaboration, communication and critical thinking with a global view of education from the Latin American perspectives

CIPLC Innovation and Design Team Roles and Responsibilities

This team strategizes, guides, and facilitates the Innovation at CIPLC. It works with the School Improvement Team to determine CIPLC's innovation needs and priorities, develops CIPLC's Innovation Integration Plan, monitors and evaluates the plan's implementation, discusses and develops innovative use guidelines and policies, and becomes familiar with emerging educational innovative research, trends, and developments, and their impact on CIPLC. Team members include: student, staff and parent representatives.
